Kennedy Park

Problems prompt criticisms

By STEVE O'LEARY
ANP Staff Writer

Kennedy Park, Councilman Barry Baumann calls it "Romulus' biggest drug store." Mayor Beverly McAnally says it "continues to be a concern to the residents of the area," and Romulus Chief of Police Donald Flood claims that there just isn't much his department can do.

"I'm not aware of any major problems involving Kennedy Park," Flood said, "but I would welcome any information regarding the matter. If people can show me where the problem is down there, I'll be glad to sit down with them and work something out."

According to Flood, the line of cars that litter the Goddard

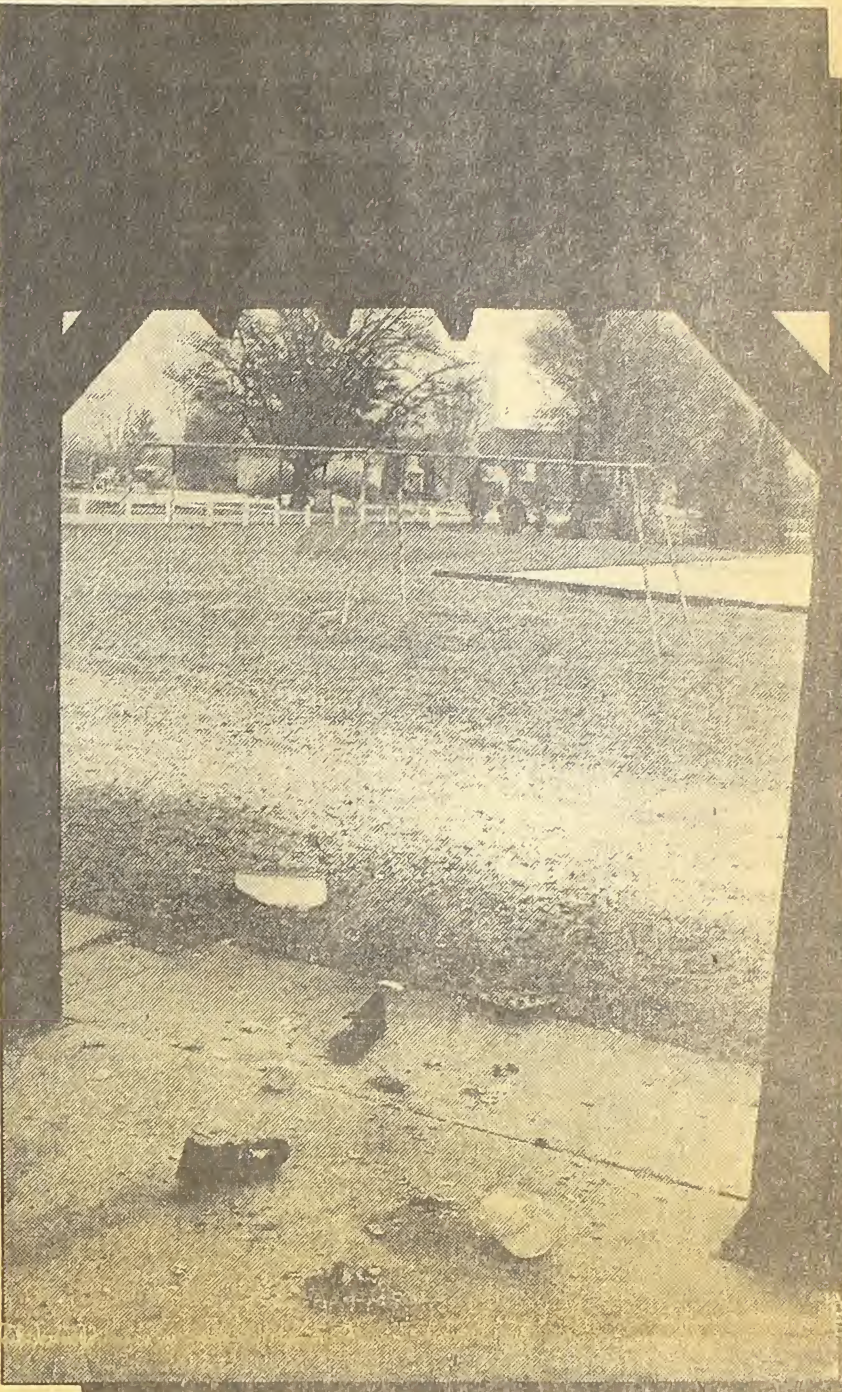

Road side of the park almost daily are "a tradition. They've been parking there for 20 to 25 years now. It doesn't mean there's anything illegal going on. For example, if someone has an hour off for lunch, they may go to McDonald's for 15 minutes, but then what? They go and park there and shoot the breeze. Our patrols check it out from time to time, and we have arrested some underage drinkers there, but it isn't anything major."

Cars park by Kennedy allegedly to "drink, smoke and sell their drugs," says Baumann, who once lived directly across from the park.

According to a letter from McAnally to the council the Recreation Commission has discus-

"Parks are supposed to be for youngsters, but a young kid couldn't play at Kennedy . . . they'd be cut to shreds on all the broken glass that's around for one thing."

— Councilman Barry Baumann

The Romulus City Council has closed down Kennedy Park to the public until further notice, beginning at 10 p.m. Jan. 20. Vandalism, drug use and underage drinking were the reasons cited for the action.

Closed . . . until further notice

At Monday evening's meeting of the city council, it was decided unanimously (with councilman Bergeron absent-excused) to close down Kennedy Park to the public until further notice. The decree will go into effect at 10 p.m. Sunday, Jan. 20.

Citing vandalism, open drug use and evident underage drinking, Councilman Barry Baumann, supported by Coun-

cilman William Wadsworth, made the motion to shut down the park — and with it the parking problem it creates along Goddard Road — until it can be discussed how best to alleviate the problems and, according to Wadsworth, "make it safe for families to go to again."

Mayor Beverly McAnally said she was "pleased" with the decision.

sed the issue on several occasions and recommends that "we" eliminate the Goddard Road parking by providing space on the Ozga Road side of the park, or by eliminating the parking altogether and arranging with the Progressive Club to provide parking during activities planned at the park.

Baumann says such plans are "just ways of avoiding the real problems here," which include lack of police enforcement.

"I think most of the city officials are cowards when it comes to this matter, not wanting to even admit there is a problem."

According to Baumann, moving the parking from Goddard to Ozga is "nonsense, just plain stupid. The biggest problem with that is there are more residents along the Ozga side, which means more potential accidents with drunk drivers speeding by."

Although the Romulus law does allow for drinking in the park, Baumann contends that what he sees there "is a lot of underage drinking that could be enforced, but isn't. It's like the police cars drive by, but they turn their heads when it comes

to the park.

"They (police) seem to feel that if the kids don't do whatever it is they do at Kennedy there, then they'll take it someplace else," he said. "I say fine, if the drinking law is enforced, they'll take it to another city, because right now they feel nothing will happen to them in Romulus. And a lot of them aren't from the city either, they just hang out here because they'd be busted in their own town. It's sad."

Baumann said that he plans to bring a plan before council, which would totally ban the drinking of alcoholic beverages at parks without a paid permit (refundable on cleanup) and also possibly try to get the curfew lowered to dusk.

"Parks are supposed to be for youngsters," Baumann said, "but a young kid couldn't play at Kennedy . . . they'd be cut to shreds on all the broken glass that's around for one thing."

"Remove the drinking, and those people will go elsewhere to peddle their dope. It would probably resolve 90 percent of the problem. That is, if it was enforced."

Dr. LeCesne's study also found that students in seventh grade made smaller gains than those achieved in elementary schools, particularly in mathematics. Dr. William Bidell, superintendent of schools, remarked, "We're glad to see the progress made by students, but we'll take a closer look at seventh grade results to see how we can improve the program for that group."

Publications contrast district's image

By STEVE O'LEARY
ANP Staff Writer

The gap between Romulus school administrators and the teachers they are bargaining with for a proposed three-year teacher contract seems to be wider — and more pointed — than previously thought.

A 16-page leaflet, entitled "Listening," which is printed by the Romulus Education Association (REA) and edited by Romulus Junior High School teacher Gail Fraley, sharply contrasts in tone the "Your Schools in Perspective," a newspaper

quarterly which claims to be "an official publication of Romulus Community Schools." The latter is edited by Romulus Community Education Director Bill Smith, assisted by Romulus Community Relations Director Dennis Davidson.

While the Perspective published last month sports headlines like "Halecreek students focus on good health," "Wrestlers hit the books and mat with same success," a front page photo-story focusing on Romulus basketball sensation Terry Mills, and an article by Romulus Superintendent of Schools Dr. William Bedell, the December "Listening" takes verbal jabs at several school administrators and teachers.

Fraley refused to comment on items appearing in "Listening," calling it an internal public relations item. "And I stress internal," she said.

"I'm sorry you were able to get a hold of a copy of it, it really isn't any of your business," Fraley also declined to answer questions as to the number of copies printed and how often the publication was published.

According to Fraley, copies are hand delivered to each Romulus teacher, but according to sources at the Romulus school administration offices, they are left there, too.

"We don't know who, but there are always amounts of the periodical dropped off in our mailboxes," Bedell said, adding, "besides, what would the point be of taking jabs at us, if we didn't see them."

Bedell claimed that in past years, the issues of "Listening" have been humorous, "but this time out they went way too far."

"Some of the things they say border on vicious," he said. "I

can laugh at myself, but it seems stupid for them to ridicule the board and their own union like they do. After all, those are the people they have to sign an agreement with."

Bedell called the "Listening" booklet "counter-productive." "They even zing some of their own teachers," said Bedell, "and to say it's a private newsletter is ridiculous — once it hits print, it becomes part of the public domain."

"You wouldn't expect the bargaining unit, the union, to be so confrontational with the board, the media and the residents," Bedell added.

Christine Powers, the district director of the Romulus teachers union, who has a column titled "Director's Dictation" in "Listening," claimed that although it had obviously been

widely distributed, "Listening" was "like a private letter from one person to another, and doesn't concern the residents at all."

According to Powers, who has "been to every board meeting after those (Romulus Roman) articles came out, and no one came out to demand a contract be signed. They (Romulus residents) just don't care."

Bedell thinks that the newsletter is "put together by a very small group of teachers" and doesn't represent the feelings of the majority of teachers in Romulus.

"At least not the informed ones," he added.

School and REA negotiators recently reached an impasse in negotiating for a proposed pact to cover the 1983-84, 1984-85 and 1985-86 school years.

IRS pays a visit

There will be a special public hearing at 7 p.m. Thursday, Jan. 10, in the community room of the Romulus City Hall.

A representative from the Internal Revenue Service will be present to answer questions from residents about tax charges and changes, which pertain to and should be of interest to everyone, according to Romulus Community Relations Director Dennis Davidson.

LISTENING RETURNS

To the delight of the multitudes, the official "Internal Public Relations" publication of the Romulus Education Association, known through the years as LISTENING, is once again being published. We thank those who have helped with this issue and ask all REA members to contribute opinions and news whenever possible.

Election Results

In a hotly-contested election, REA members recently indicated their leadership preferences. Congratulations to the following, who will serve their Union for two year terms:

Chris Powers, Dist. Director

Jerry Nesteruk, Vice Dist. Dir

Dorothy Weekly, Secretary

Marilyn Wood, Treasurer

Terry Bird, R.A. Delegate

Sharon Wagner, Alt. Delegate

J.T. Washington, Bd. Director

Holiday Surprises

In celebration of the holiday season, many of our associates have suggested gifts that Santa might bring to their acquaintances and friends in the Romulus School District. We thank the dozens of people who have contributed to LISTENING's annual gift suggestion roundup. The list begins on P. 5.

Holiday wishes...

The following are some samplings of a section of "Listening" called "Holiday Surprises," where gifts are suggested to various members and associates, by members of the Romulus Education Association. Most are not this hard-hitting, and some are "in" jokes, but none were seemingly designed to hasten contract negotiations.

BOARD OF EDUCATION: Free GED crash course, compliments of the Romulus Adult Ed program.

DR. BEDALL: A plaque from Peter Principle which reads "You made it!"

DR. TERRY LECESNE: A sharp knife.

AL SHEFFIELD: A publisher for his two-page book, "My Teaching Experiences."

CENTRAL ADMINISTRATION: A set of policies and standards written on "magic slates" so that they can be changed to fit the moment.

LANCE KNUDSON (teacher who lost to Christine Powers in the last union election): A silver platter and an apple so he can serve us to the board in style.

DR. LECESNE: A publisher for his new book, "Take the Money and Run."

LANCE KNUDSON: A platter of skunk cabbage for his campaign platform.

CITY OF ROMULUS CHAPTER II ARTICLE 20

WHEREAS: the State of Michigan mandates that: "A primary election to be known as the off year primary election shall be held on the Tuesday following the first Monday in August of each odd numbered year except that a city may provide by ordinance adopted not less than 7 months preceding the date of any regularly scheduled city odd year general election that all regularly scheduled city off year primary elections shall be held on the Tuesday following the second Monday in September." P.A. 1954, No. 116 Sec. 664(b) MSA Sec. 6 1644(2).

WHEREAS: the City of Romulus had heretofore provided for its odd year primary elections in the Charter of the City of Romulus, Chapter 1, Article 8, Section 8.4 as follows: Section 8.4: "The primary election for the nomination of candidates for elective officers shall be held on the second (2nd) Monday in September preceding the regular municipal election on odd numbered years."

WHEREAS: the City of Romulus Code of Ordinances had not heretofore provided for the "odd year primary election;"

WHEREAS: the City of Romulus must revise its primary election date pursuant to P.A. 1974, No. 378, Sec. 1, MCL Sec. 168.644(b), MSA Sec. 6. 1644(2).

WHEREAS: the City of Romulus deems it in the best interests of the city and its citizens to revise its odd year primary election date from the second Monday in September to the first Tuesday following the second Monday in September.

WHEREAS: the City of Romulus has adopted this revised odd year primary election date more than Seven (7) months prior to the date of any regularly scheduled city odd year general election.

NOW THEREFORE: the City of Romulus ordains by at least a ¾ vote of the Council that its odd year Primary Election Ordinance read as follows:

SECTION 1. SHORT TITLE: ODD-YEAR PRIMARY ELECTIONS.

SECTION 2. ODD-YEAR PRIMARY ELECTIONS
Section 3 of Chapter II, Article 20, is hereby incorporated into the City of Romulus Code of Ordinances, formerly Section 8.4 of Chapter 1, Article 8 of the Charter of the City of Romulus, as amended, and reads as follows:

2.00 The primary election for the nomination of candidates for elective offices shall be held on the Tuesday following the second Monday in September preceding the regular municipal election in odd numbered years.

SECTION 3. EFFECTIVE DATE. This ordinance shall take effect immediately upon publication in a newspaper of general circulation.

SECTION 4. SEVERABILITY. Should any chapter section, paragraph, provisions, sentence or clause of this amendment be declared by a Court of competent jurisdiction to be invalid, such declaration shall not affect the validity of the amendment as a whole or any portion thereof other than that part so declared invalid.

I, Linda Choate, Clerk for the City of Romulus, do hereby certify the foregoing to be a true copy of an Ordinance duly adopted by the Romulus City Council at their regular meeting held on the 10th day of December, 1984.

Linda Choate, Clerk
City of Romulus

ATTEST:
Beverly McAnally, Mayor

Within Forty-Five (45) Days after the publication of any duly adopted ordinance by the Council, a petition may be presented to the Council protesting against such Ordinance continuing in effect. Said petition shall contain the text of such Ordinance and shall be signed by not less than Six (6%) Percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said Ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such Ordinance.

CHIROPRACTIC OUTLOOK

By
Dr. Thomas
Anderson

COLLISION CRACKUP
Yearly, almost 2 million victims of auto accidents risk severe spinal injuries.

Although over-stretched and injured ligaments of the spine and related muscles may heal by themselves, scar tissue usually results in a loosened vertebral spinal joint. Neglected, it may develop into traumatic arthritis.

Your chiropractor conducts a thorough spine, muscular and nerve examination to determine the extent of injury. A prescribed healing program is outlined. This may include spinal manipulation, traction, and exercises. It's wise to see your chiropractor immediately after any collision. The sooner a diagnosis is made, the sooner you will get well. Delay may cause a chronic injury that is difficult to reverse.

ARE YOU ON THEIR LIST?
Now that the Holidays are over, it's time to get in the mood for filing your Income Tax! Since the tune of 'Santa Claus is Coming to Town' is still fresh in your mind, think of it while reading the next few lines.

You better watch out, you better not cry, better not pout I'm telling you why, the IRS is coming to town... If you're on their list, it may cost you twice, they already know who's naughty or nice, the IRS is coming to town... They see you when you're cheating, they audit suspicious mistakes, they know your income high or low, and they take all they can take...

Delayed

The City of Romulus will observe Dr. Martin Luther King's birthday, starting in 1986, not in 1985 as previously reported. All municipal offices will be open Jan. 15, and all city services will be provided as usual.

ATHLETES OF THE WEEK

Bob Crain
In face-to-face confrontation, you have to be ready or suffer the consequences. And Romulus's stellar 185-pounder Bob Crain has been ready for wrestling combat. Last week he captured a gold medal at the Riverview Invitational to bring his over-all record to 14-6 on the year. "He has a wealth of talent," says Coach Wayne Schimming, "and he displayed some of it at Riverview." Bob also received the "Hustler's Award" for the quickest pin at the tourney.

Vince Morris
An outstanding all-around athlete, Vince Morris has distinguished himself on the football field and on the wrestling mats. Vince, a senior at Romulus High, continued to wrestle brilliantly as he won a gold medal at the Riverview Invitational in the awesome 169-pound class. "Vince is just one terrific athlete and person," says Coach Wayne Schimming. "We all are proud to have him on our team."

Detroit Auto Show

1985 version at Cobo promises to be the 'The Talk of the Town'

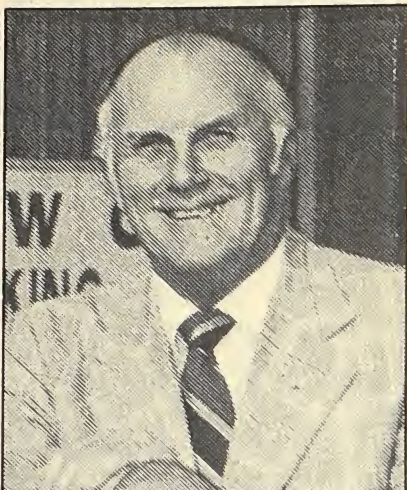

With more than 500 new domestic and imported cars and trucks to be displayed, the 1985 Detroit Auto Show promises to live up to its theme, "The Talk of the Town."

Auto Show officials feel that the nine-day extravaganza, which runs from Saturday, Jan. 12 through Sunday, Jan. 20 at Cobo Hall, will surpass in attendance last year's turnout of some 467,000 persons.

New car sales are up more than 20 percent over last year, according to Dan Hayes, execu-

tive vice-president of the Detroit Auto Dealers Association and general manager of the show. "If that's any indication of the public's mood," said Hayes, "the upcoming show could top the half million mark." Such a feat would mark the highest attendance since the first auto show was held in 1907.

Included among the exhibits will be such exotic cars as the Jaguar, Ferrari, Alpha-Romeo and Avanti. An expanded display of vans will feature more than 70 vehicles in Hall D, the lower hall in the Cobo facility.

Jack Demmer (above), owner of Demmer Ford in Wayne, is one of the auto dealers who helped organize the 1985 Detroit Auto Show.

"We know the van show is going to be an exciting addition," Hayes said. "Van conversions are big business now and we have some of the best converters in the country represented." "Show officials estimate that in excess of 30,000 vans will have been sold in the metropolitan Detroit area during 1984.

Visitors to the show will have the opportunity to win one of 13 automobiles in what show officials call "The Most Incredible Contest." Thirteen new cars are stuffed with such items as basketballs and oil cans and those who enter the contest try to guess the cumulative total of all the items in all 13 vehicles.

Special events include a short story writing contest, a Michigan Artist Display, an Ask the Dealer Panel and live broadcasts on 12 radio stations.

Planning the show is a year-round activity of the 234-person dealer group, which has an auto show committee of seven dealers who spearhead the project. Jack Demmer, owner of Demmer Ford in Wayne, is a local representative on the committee.

Tickets are priced at \$4. Children under 12, accompanied by a parent, and senior citizens are admitted free.

Show hours are noon to 10:30 p.m. weekends and 2 to 10:30 p.m. weekdays.

The 1984 Detroit Auto Show drew a record 467,000 people, a figure show organizers feel will be surpassed Jan. 12 through 20 at the 1985 show. More than 500 new cars and trucks will be displayed, including 70 customized vans.

THE 1985 OLDSMOBILES

An Impressive Display of Quality.

At the auto show, there is a display of automobiles which stand out from the rest. A display with a special feeling, with a style and substance like no other.

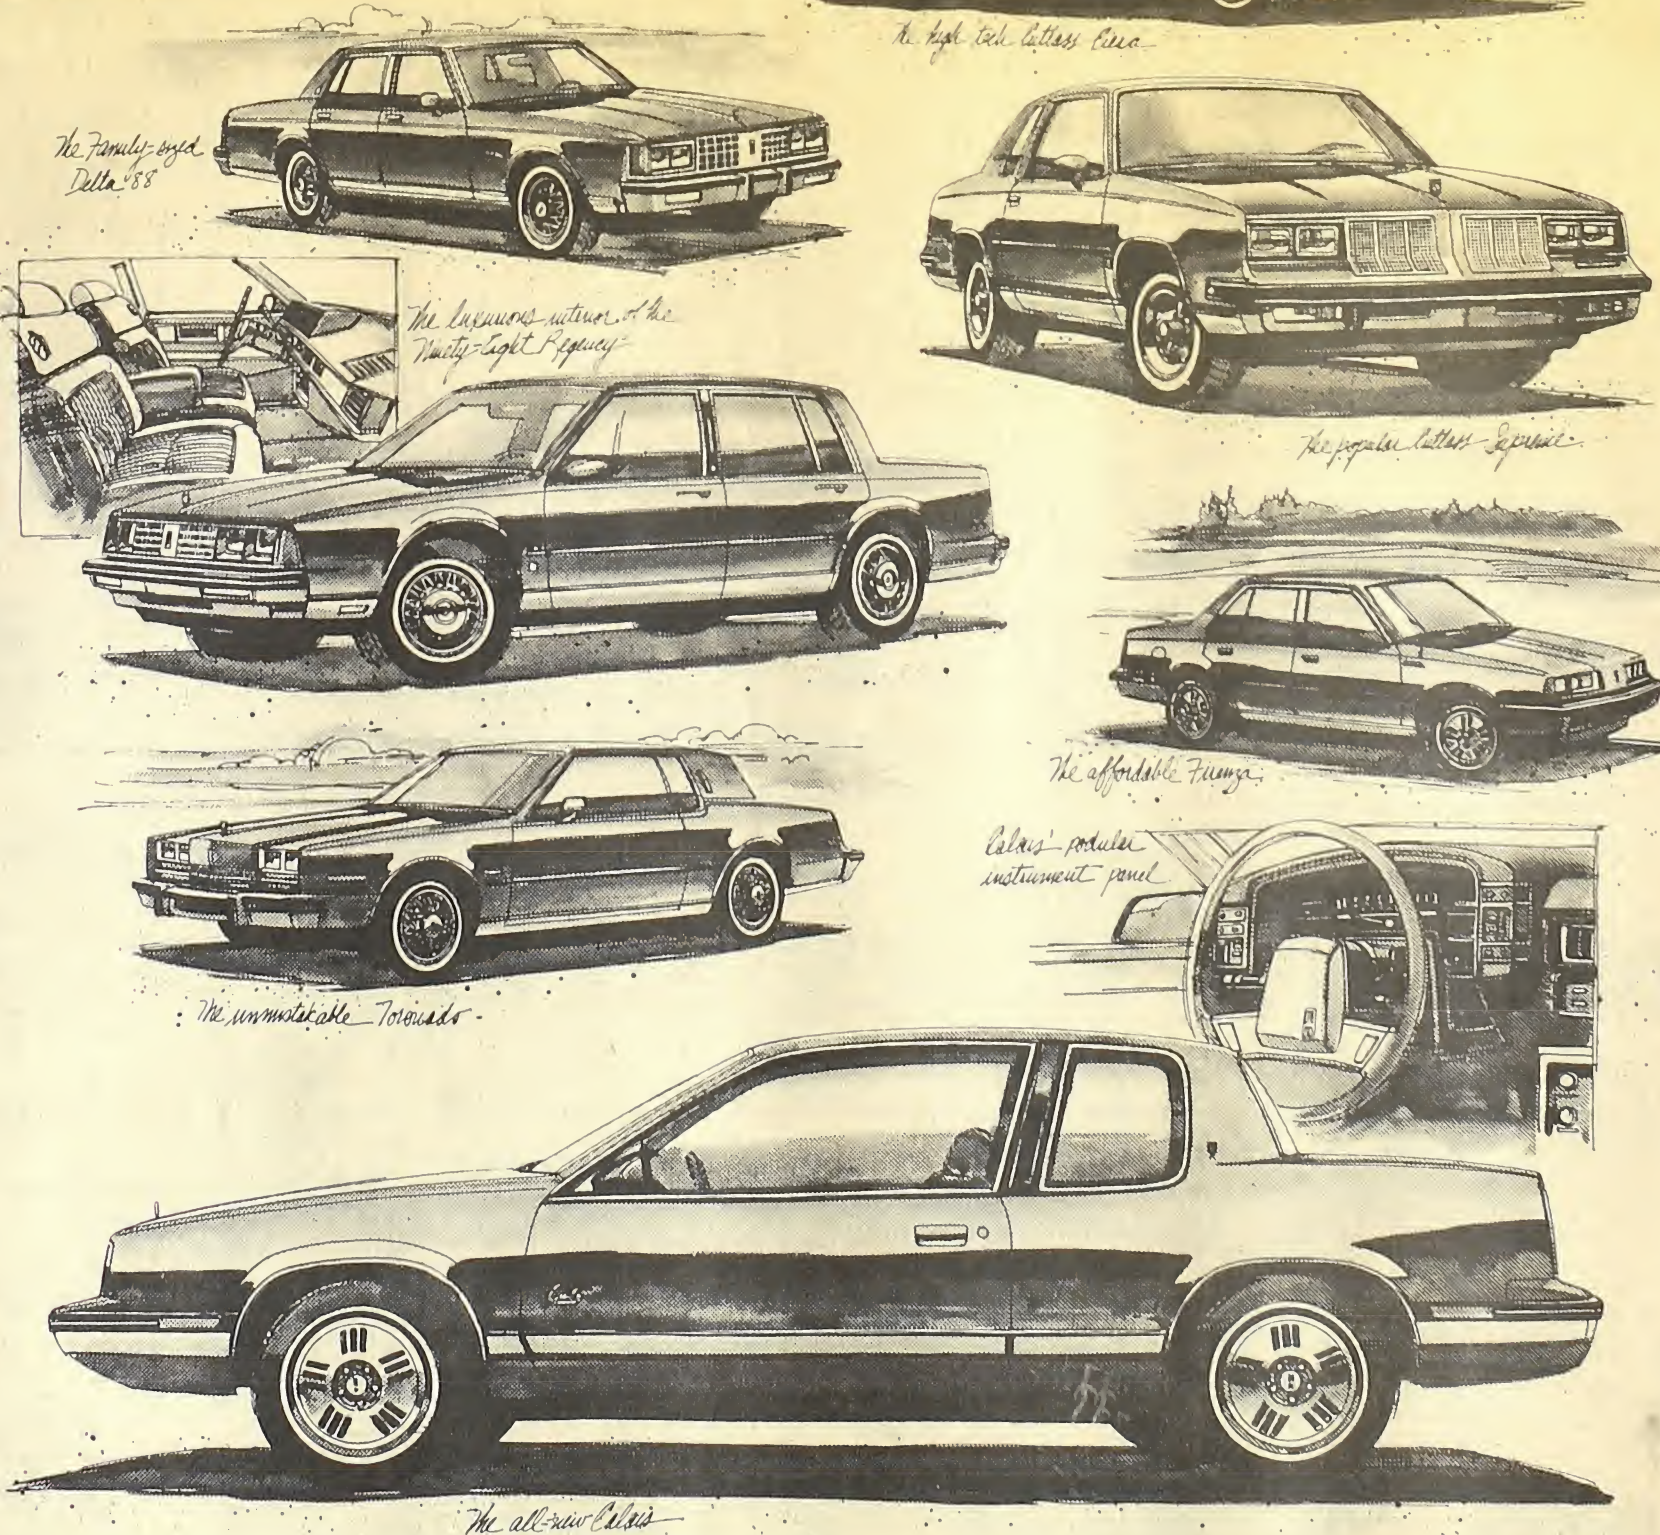

At the Oldsmobile display you can experience that special feeling first hand...it's a special feeling of quality, along with traditional Oldsmobile style and value.

Witness the all-new 1985 Calais from Oldsmobile. Once you see it, it will get in your mind and stay in your mind. This 4-cylinder, five-passenger coupe is a new-size Olds built a whole new way. It's the newest example of Oldsmobile quality, style and value.

Calais will impress you, but look around the Olds display and you'll find a special combination of quality, style and value in every new Oldsmobile for 1985.

Visit the Olds display at the auto show today. We're sure that this impressive display of quality will make a lasting impression.

Oldsmobiles are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

Pretty babes

Jessica Laurie, 3½ months, has proven she's a pretty baby after winning first place in the 1984 Annual Detroit Baby Pageant. The infant took first place for her age group and was awarded a loving cup at an awards ceremony Dec. 13 at the Royal Oak Theater. Her brother Jeffrey, 3, was also a winner, placing second for his age group in the pageant. The youngsters are the children of John and Alice Taylor Laurie of Romulus.

Villhauer-LeForce wed

Red poinsettias and Christmas music provided the setting for the Dec. 22 nuptial of Annette Villhauer of Oregon, Ohio, and Larry LeForce of Belleville.

The bride is the daughter of Mr. and Mrs. James Villhauer of Elmore, Ohio, while the groom is the son of Marilyn LeForce of Belleville and Larry LeForce of Biloxi, Mississippi.

Two hundred guests were in attendance for the early evening ceremony at St. John's United Church of Christ in Elmore. Officiating was Pastor John Bock, with the music by Dwight Baker, cousin of the groom, and Kevin Ellis, a friend of the bride and groom.

The bride, given in marriage by her parents, wore a white organza gown, accented with Chantilly lace and ruffles and featuring a scooped neckline and elbow-length sleeves. The hooped skirt was accented with ruffles in the front that curved up to the waist in the back and complimented tiers of soft ruffles that formed a bustle effect.

Her headpiece was a hand-made wreath of baby's breath, while her bouquet was of large white flowers with small red silk poinsettia accents.

The bride asked Margaret Arndt of Elmore, her sister, to serve as her matron of honor. She wore a hooped red slipper satin gown and carried a bouquet of large red with small white silk poinsettias.

The groom asked Frank LeForce of Belleville, his brother, to perform the duties of best man. The ushers were Tony LeForce and Joseph LeForce, also brothers of the groom.

A reception for the newlyweds and their guests was held at HeatherByrne Hill in Toledo.

Following a two-week honeymoon in the Hawaiian Islands, the couple moved into their resi-

The new Mrs. LeForce received her associate's degree in science from Michael J. Owens College and is a registered nurse. She is employed in the surgery department of the St. Vincent Medical center in Toledo.

Her husband attended Eastern Michigan University in Ypsilanti and is employed as a lighting technician.

Haydon-Morgan

A March 1985 wedding is being planned by Rayleen Jean Haydon of Westland and Richard George Morgan of Dearborn.

The bride-elect is the daughter of Ray and Betty Fleming of Belleville. A 1973 graduate of Belleville High School, she also is a graduate of the food and beverage program of the Holiday Inn University in Memphis, Tennessee, where she completed her studies in 1982. She has been with Holiday Inns, Inc. for nine years and currently is food and beverage director at the Plymouth Road Holiday Inn in Livonia.

Her fiancé is the son of Thomas J. Morgan of Dearborn

A call for compromise

The leadership of the Romulus Education Association has attempted to convert ongoing negotiations with the Romulus School District into a name-calling contest.

Obviously frustrated over a lack of progress in bargaining talks, REA spokespersons have resorted to personal attacks on school administrators, the board of education and even some Romulus teachers. This unprofessional exercise in futility won't solve anything; quite the contrary, it will antagonize the very persons who can break the impasse.

In its internal publication, entitled "Listening," REA leaders recently decided to take the offensive by ridiculing anyone perceived as in opposition to REA's bargaining positions. Questioning the honesty of Supt. Dr. William Bedell or the literacy of the Board of Education may amuse some teachers, but we doubt whether the taxpayers would see the humor in such tactics.

The taxpayers? Surely the negotiators haven't forgotten who helps pay the bills. These are the people who approved additional millage for their school system last year in an effort to restore programs and harmony in the district.

It would be foolish for us to imply that the Romulus teachers are off base in their demands for an equitable contract. After all,

Romulus instructors took a pay cut some years back and certainly deserve a wage increase for the 1983-84 and current school years as well as for next year.

The size of a pay hike would seem to be an issue that can be settled through a study of the district's budget and a sense of compromise on both sides of the negotiating table. Compromise is the professional approach, not confrontation through petty character assassination.

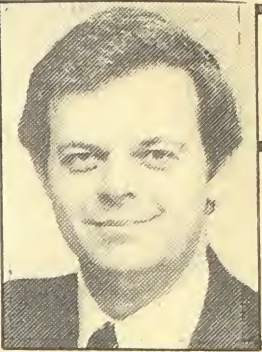

If the teachers' salary demands are reasonable and affordable, we feel the community will support their proposals. A thorough discussion of the issues both at the bargaining table and, if necessary, at public forums can help resolve the differences.

Romulus teachers as a group are qualified professionals who care about what happens in the classroom. They should be fairly compensated for their contributions to the education of our youth.

That sense of professionalism should not be tarnished by a handful of instructors more concerned with childish name calling than a resolution of a contractual impasse. The public image of the Romulus teacher is far too cherished to be ruined by those unable to control their emotions.

DAVID J. WILLETT
PUBLISHER

Hummers, incompetence and fools

During the past few years, I've had several personal "encounters of the worst kind" with state employees. I aspire to be a patient individual, but I fear that I do not "suffer fools lightly" if you catch my drift.

State government reminds me of something make-believe. It has rarely struck me as real government, whatever that is. What am I talking about? I'm referring to bureaucratic nonsense and incompetence. Jim Brickley, when Lt. Governor under Bill Milliken, spoke frequently to small business owners and operators during the Michigan State Conference of the Problems of Small Business. I often heard him say that in looking for answers we must start with the premise that, "The least efficient way to get anything done is through government."

How true. Every day the hummers prove that theory. What are hummers, you ask. Well, I'm told, they are state employees who sit at their desks somewhere in the state bureaucratic maze, hidden somewhere in the cubical labyrinth of state offices, twiddling thier thumbs or drumming their fingers, staring up at the ceiling or off into space idly ... yep, humming. All, of course, at the people's expense.

All this, folks, from one who believes that state government should, or could, be the more efficient level of government dealing with the needs of the citizenry.

Unfortunately, it often demonstrates itself to be the least efficient. I have no desire to insult the many hard-working, well-meaning, dedicated souls who work for the State of Michigan. But let's face it folks, there are many who should go out and get a real job and find out what working for a living is all about.

For a number of reasons, I choose not to give specific examples which readily come to mind. However, I could share some classic first-hand experiences of exactly how NEVER to do things. Rule number one: Do not do it the way the state does it.

Now, this is not a partisan comment. The "fools" I've encountered more often than not are not elected officials anyway, with some notable exceptions. They are, more often, civil service folks who were attracted to a paycheck, benefit package and retirement program. Somewhere down the line, burn-out set in and they became simply a part of the system with the foremost object being to perpetuate their job, department or budget.

They resent, in many cases, the trap they find themselves in. They have, in equally as many cases, lost respect for themselves and the very state government they are hired and supposedly dedicated to serve. Consequently it seems they often catch a severe case of the "fools." Symptoms include signs of arrogance, egotism and incompetent performance.

Failures in judgement on the part of this state are legion. Ever hear of the Zilwaukee Bridge? Or the PCB disasters? The tip of the iceberg.

We don't expect genius in city and township government, although occasionally we get it. County government seems to work fairly well in most places throughout Michigan, save Wayne County. And with Bill Lucas in place, armed with a new charter, I have hopes even for our county. The federal government tends to be either brilliantly brilliant, or brilliantly stupid, but there is, at

Pool explanation

To the Editor:

At the December 18, 1984 Wayne City Council meeting the Citizens Pool Committee disbanded. I would like to explain my position in regards to this.

The Citizens Pool Committee has been working for the past year and a half. A year ago I saw a need for communication between the Citizens Pool Committee and the City Council. I requested to be that contact and was granted that by the Council.

The Citizens Pool Committee, with help from the City Administration and several reviews with the City Council, worked from January 1984 through August 1984 identifying the specific needs in Wayne for a pool and the expense to build, operate and maintain a pool in Wayne. The Citizens Pool Committee looked at the entire cost picture to be able to recommend for a citizens vote the most economical pool that would satisfy the needs of the residents.

In September the Citizens Pool Committee reviewed with the City Council a petition to place the question on the ballot, for which they planned to start obtaining signatures. It became evident in these discussions that the petition by the Citizens Pool Committee could only be an informal petition requesting the City Council to place the question to the vote of the citizens. The City Council would not be required to place the Citizens' Pool Committee petition to a vote of the people.

It was in this context that the Citizens Pool Committee and the City Council were discussing at the December Council meeting the requirements for the City Council to approve putting a swimming pool petition to a vote of the people. It had already been agreed upon that the petition must contain 2,000 valid and verified signatures and that the time allowed for circulating the petition would be the same as a formal petition.

The final question was a request for the City Administration to review future budget projec-

tions and recommend whether the pool's operation and maintenance costs could be supported from the general fund. The City Administration stated at the December 18th meeting that the city could not operate and maintain a 25-meter outdoor pool. This is what caused the vote by the Council to also include in the Citizens Pool Committee petition the inclusion of a City Charter change and a millage for the operation and maintenance of the pool for its useful life.

I voted against these last requirements because:

1) The other requirements for the pool petition would determine if the citizens considered the pool a priority and where city funds should be spent. Many council members are elected with less than 2,000 verified votes.

2) The cost to operate and maintain the pool is estimated at \$60,000 per year gross figure. The net cost to the city is an estimated \$30,000 per year. The budget for the Recreation Department is approximately \$940,000 with a City budget of \$7.5 million. There should be a way to allocate \$30,000 per year, if the citizens considered it enough of a priority to build.

3) The Pool Petition should not be used as a pilot program for new procedures of financing capital equipment within the city. That is why the City Charter must be changed. I am leaning to support this new way of financing in the future but I think the City Council should initiate the Charter change, not the Citizens Pool Committee.

I hope I have clearly explained myself on this issue. I am your employee and am trying to represent your needs and interests. The Pool Survey showed that 75% of the voters in Wayne felt the city should be operating a pool and 68% stated they would approve a tax increase to build a pool which the Citizens Pool Committee is recommending.

I am disappointed that the Citizens Pool Committee decided to disband rather than follow the project through to completion.

Please let me know if you agree or disagree with my actions. I need your input to better serve you.

Al Damitio,
Wayne councilman

Lack of leadership

To the Editor:

I have a problem with Councilman Mehl's lack of leadership, lack of communications and lack of understanding.

In a recent Eagle article concerning the Westland Council approving a go-cart track in the middle of an industrial park, he condemned "the Westland Planning Commission's inability to make a determination and lack of leadership," and other caustic remarks.

Well, I'd like to return the compliment. If Mr. Mehl didn't understand our reasoning for denying permission to install an amusement facility in the middle of a developing industrial park, all he had to do was ask. No council member has contacted me on any issue in the past six or nine months, and I've not heard of any inquiries through other commissioners.

Are potential industrial residents going to be thrilled about the prospects of building in our Industrial Park next to a go-cart track? If Mr. Mehl does not understand that reasoning, then I question his leadership.

What sort of leadership endorses a junkyard at the gateway to the city (passed by Council, denied by the Planning Commission)?

What sort of leadership endorses the rezoning to permit more fast-food restaurants on Wayne Road across the street from St. Theodore's Church (passed by Council, denied by Planning Commission)?

What sort of leadership endorses the trade of land to Livonia and rezones the land to permit development of multi-unit housing project on Ann Arbor Trail over the unanimous objections of the citizens in this area and the Planning Commission?

If Mr. Mehl did not understand our objections to these projects, I'm sure any Planning Commissioner would be glad to repeat our objections, that is, if anyone bothered to ask.

I'm sure by now some of the other Council members have taught Mr. Mehl parliamentary procedure. If Councilman Mehl had any questions about why we would object to children cutting through industrial factories and businesses to get to a go-cart track, all he had to do was to table the issue and ask.

I applaud Councilman DeHart's understanding and negative vote on this issue.

PCHA: a personal vendetta?

By DR. TERREL M. LeCESNE
Special to ANP

(LeCesne, the former Inkster mayor, is a member of the Peoples Community Hospital Authority (PCHA) board of directors.)

"One man's personal vendetta should not be an albatross around the neck of twenty-four communities."

Thus, sums up my feelings in reaction to Ken Gremore, the former executive director of PCHA who was fired 19 years ago and has been waging a one-man war against the authority ever since. According to a Detroit newspaper article, Gremore's latest attempt at getting even with PCHA is an attempt to engineer the sale of the multi-hospital corporation to a Nashville-based firm.

At this point I am very skeptical of such a sale because so far all of the discussions have centered about tax reductions, elimination of the 0.2 of a mill assessments and a possible financial windfall to cities. No one has talked about health care, which, in my opinion, should be our only concern at this juncture. In fact, if PCHA becomes a private corporation, then its buildings would become taxable and who would pay this added cost? The taxpayers, of course, through their hospital bills.

I addressed Mayor Betty Miller and the Inkster City Council at their orientation session to forewarn them about the planned takeover. Before then a select group of downriver elected officials, including Mayor Miller, were being lobbied by the Nashville group in a stealth undercover way. Even though I am a member of the Executive Committee of the authority, I didn't even get a hint of what was happening until Mayor Pro-Tem Joe Davis approached me with questions. People were flying in and out by the plane load and at no time were any principals of the authority

flying solo

(Continued from Page A-6)

least from my experience, a certain pride and dignity resulting from being an employee of the federal government. There are, of course, exceptions to that rule.

State government seems to be a no-man's land where souls are suspended in limbo — like purgatory, where they remain until retirement when they are set free.

Perhaps reform is in order. Why couldn't raises based on performance or incentives based on cost or budget reductions become a part of the system?

Why can't government have someone you can talk to that can cross parochial jurisdictional lines to get things done? Perhaps we need more "sunset" laws and budgeting.

Simple answers to complex questions? Perhaps. I do know that it is time this state starts moving in a direction with more than words ... a direction that will foster a strong, viable future environment for business, home and family.

I grow nauseated with our fouled criminal justice system, impatient with our regulations and bureaucracies and frustrated with our repressive tax system.

I am not a pessimist by nature, and remain confident that there are answers. It's time we find them.

See you next week.

consulted.

We need to see more public discussion of the pros and cons of such a move before any serious consideration is given to it. I would very much like to have public hearings before any of our elected officials make any precipitous moves to buy into this. A lot of questions should be raised and answered.

For instance, is it true that this Nashville-based corporation is a non-union conglomerate which makes its money by holding down cost with non-union labor? If so, then would we be inviting labor strife to the authority hospitals? As a profit motivated group, would their major aim be to make money for its stockholders or providing better health care services? What would happen to those hospitals that don't run at a profit? Would they continue to be carried by the others as is currently being done or shut down as most for-profit businesses do?

What real input would citizens have in a profit motivated business? How is PCHA a burden to the cities when the assessment is passed on to individual property owners anyway? Would the individual citizen's health care needs be better served by a non-profit quasi-government run institution or by a profit motivated group?

Finally, what about the employees, the doctors and the other medical professionals? Has anybody asked for their feelings? What about John Q. Public?

All of the above should be given serious consideration and we should not be led or misled by one man's quest for vindication.

Showdown: Inkster vs. Highland Park

Vikings bury River Rouge

By TOM MOORADIAN
ANP Staff Writer

George Thompson has turned a deaf ear on those who say that Highland Park isn't as "great as it has been in the past."

"Sure they've lost," Thompson is quick to note, "but look who they have lost to. To teams like Detroit McKenzie which happens to be among the top Class A teams in the state. You can never under-estimate a team like Highland Park. If you do, they will blow you right off the court."

The reason for Thompson's warning? Inkster's Vikings will take on the defending Suburban Athletic Conference champ Friday night. And the Vikings, after humiliating River Rouge 103-62, could be the object of humiliation this week.

"Highland Park has lost to some good teams, and they beat state-ranked Robichaud last week," Thompson continued. "In this league you can't look past anyone, and that's all there is to it."

The Vikings are on the road for their first encounter with the Parkers who also share the top of the SAC standings with Inkster and Willow Run.

Behind balanced scoring and outstanding all-around play by the Lloyd brothers — Shawn and Sherad — the Vikings rattled Rouge early and grabbed a 25-10 first period lead which they never relinquished. The Vikings made 11 of 17 from the

floor in the initial frame and were relentless on defense as they built up a 50-29 advantage at the halfway mark.

"Our first string is really playing together as a team," offered Thompson whose clubs have had more than their share of problems beating the down-

Inkster placed five players in the double figures scoring column with the Lloyds splitting 36 points evenly. Anthony White also drilled in 18 while William Springer contributed 14. Ten of those were against Rouge's zone defense. Jesse Hardy added 10 points.

"... You can never underestimate a team like Highland Park at any time. If you do they'll blow you right off the court."

Coach Thompson

river power. "And I was also pleased with the way our bench came through for us."

Michigan-Dearborn campus. Green has been replaced by his longtime assistant, Dwayne Smith.

The Vikings were scheduled to play Ypsilanti Lincoln Tuesday night for a tune-up before the Highland Park confrontation.

Back to live action

After a week of holiday rest, local prep basketball teams resume their shoot-outs Friday night, and one of the top games in this area will feature unranked Inkster against perennial state powerhouse, Highland Park. Inkster is coming off of an impressive victory over River Rouge, while the Parkers dumped state-ranked Calss B title contender, Robichaud. In other interesting match-ups, Romulus will travel to the Pontiac Silverdome to take on Metro-West rival, Taylor Center, while undefeated Wayne Memorial clashes with Wyandotte in a Wolverine A Conference game. Turn to Page B-2 for complete Prep Sports Calendar.

Eaton Rapids wins Salem wrestling tourney title

Area wrestlers managed to salvage only two first places at the annual Plymouth Salem Invitational staged on Saturday.

Eaton Rapids picked up the team championship, turning back a strong challenger in Portage Northern, while the host, Salem, finished third and Belleville and Westland John Glenn were fifth and sixth, respectively.

Salem cashed in on the performance of 121-pounder, Dave Dameron who defeated Eaton Rapids' Scott Bolan via a fall in 1:48 for a gold, and Westland John Glenn's Dan Gibson decisioned Mt. Clemens' Keith Freeman for a first place in the 128-pound class.

MHSAA announces prep cage playoff timetable

The first signs of March appeared last week as the Michigan High School Athletic Association released its team assignments for the 1985 high school boys' basketball playoffs. The tournaments will again begin the first week of March.

Although there are no changes in site assignments for area teams the MHSAA's post-season playoffs (March 4 through March 9) will feature some surprises. However, Romulus and Belleville High will again travel to Ypsilanti for their

bids for district titles.

Also slated to see action at Ypsilanti are Adrian, Monroe, and Temperance Bedford.

Romulus eyes mat crown

Hoping that the rash of injuries and problems that plagued his team are behind him, Romulus wrestling coach Wayne Schimming looks to Saturday's invitational with optimism.

Romulus will host a seven-team tournament, beginning at 11 a.m. and Schimming is looking forward to a rematch with Carlson. Carlson defeated the Eagles last Saturday at the Riverview High Invitational.

"We had four wrestlers out because of a wide range of reasons," Schimming noted, "and if we are healthy on Saturday this could be a very interesting tournament."

Despite the problems, Romulus garnered 163½ points at Riverview to finish behind Carlson, which had 208½. Southgate Aquinas was third with 136.

Romulus received outstand-

ing performances from senior heavyweight Tracy Cline who pinned Lincoln Park's Dino Dimelis in 3:51 to pick up a gold medal. Teammate Vince Morris, a 169-pounder, also walked off the mats with a first place medal after disposing of Woodhaven's Kent Scharboneau in 3:28.

Romulus's Bob Crain, who earned the "Hustler's Award" (quickest pin), also placed first with a 2:14 victory over Woodhaven's Dave Banks in the 187-pound class.

"Carlson and Southgate Aquinas have excellent teams," Schimming offered, "and it will be between these two teams along with us that will decide who'll win our tournament."

"However, we'll be in trouble if we don't overcome our injuries and problems," Schimming stressed.

Jac Warren Memorial

Wayne grapplers win own invitational

It took seven years but Wayne Memorial has won its own wrestling tournament.

Coach John Wood and the Zebras parlayed a pair of gold-medal winning performances by Ed Fowler (132) and Dave Shareef (145) and three seconds from Mike Watson (98), Rich Malta (112), and Tim Mitchell (138) to capture the Jak Warren Memorial Wrestling Invitational staged recently at Wayne High.

"I was very pleased with the victory," said Wood who returns to the helm of the Zebras after a brief absence. "And this is the first time I have ever won my own tournament."

Wayne picked up 135½ points to edge out its nearest rival, Belleville, which as 124 points. The two leaders were followed by Montrose (120), Plymouth Salem (113), Brighton (112½), Livonia Bentley (84½), Whitehall (34) and Thurston (27).

Wayne also competed last week in the Bay City Invitational where the Zebras carded three medals thanks to Shareef, who finished second at 145 after losing to Peeze of Bay City

le, Salem and Canton will be shooting it out.

At Livonia Churchill, Bentley will make its final appearance (the school is scheduled to be closed this year) and city rivals, Churchill, Stevenson and Franklin along with Farmington are assembled to do battle.

Robichaud, ranked among the top Class B teams in the state this season, will greet natural rival, Inkster, along with Cherry Hill, Divine Child, Dearborn Heights Annapolis and Crest-

wood for the district it is slated to host.

New Boston Huron joins Ypsilanti Willow Run, Lincoln, Milan, Airport at the Class B district assigned to Ida High School.

Survivors of the district competition will advance to the state regional tournaments scheduled for the week of March 12 through March 16 at 28 sites across the state while the quarter-finals are scheduled for Wednesday, March 20.

Michigan State University will host the Class A and Class D semi-finals while the University of Michigan has the Class B and Class C semi-final games.

The championships will be decided on Sat., March 23 at the Crisler Arena in Ann Arbor.

Replacements-get 'em while you can

THE REPLACEMENTS
"Let It Be"
(Twin/Tone)

The Replacements are not your typical "sell our soul to the devil in exchange for the big time" band. In fact, these four guys from Minneapolis are near legendary for their efforts *not* to make it big.

According to the story, a big-shot at Warner Bros. Records was a fan of the band, and had spread the word. A show at CBGB's in New York was packed with industry people, curious to see the band that was causing such a commotion. The band knew they were in the audience, so it was time for a best-ever show, it would seem. Wrong. Vocalist Paul Westerberg described the show to the Village Voice as a "classic example. They (the record industry) wanted us to play our best songs as best we could, and we didn't feel like it."

Another night, after verbally refusing to do "their best songs" for industry insiders, they gave in. Played the hits. Actually, they ripped into a version of the Stones' "Start Me Up," (with Paul shouting "Do we get a record contract now?") followed by cover versions of "Hitchin' a Ride" and "Love Grows (Where My Rosemary Goes)," as well as the Kiss cover included on the LP, "Black Diamond."

So, it should come as no small shock that one of the world's greatest rock'n'roll bands (honest!) is still flanging away on a small label. All three of their recent LPs are MUST BUYS, from the 18-song cleverly-titled "Sorry Ma, Forgot To Take Out The Trash" (which contains the classic "Johnny's Gonna Die," a tri-

bute — if you listen closely — to guitar legend Johnny Thunders and his much-publicized alleged problems with heroin, which he reportedly recently conquered), the "Hootenanny" album, which is sort of like a band sampler LP, except only one band is showcased — the Replacements.

Lots of songs, lots of styles. Sort of like Sybil on record (best song — "Color Me Impressed.") Best lyric: "Everybody at your party they all look depressed/Everybody's dressing funny, color me impressed.")

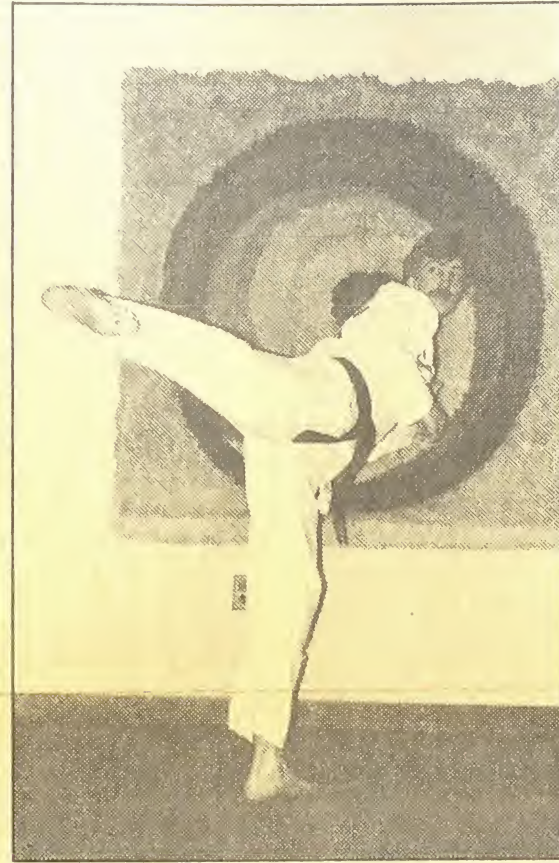

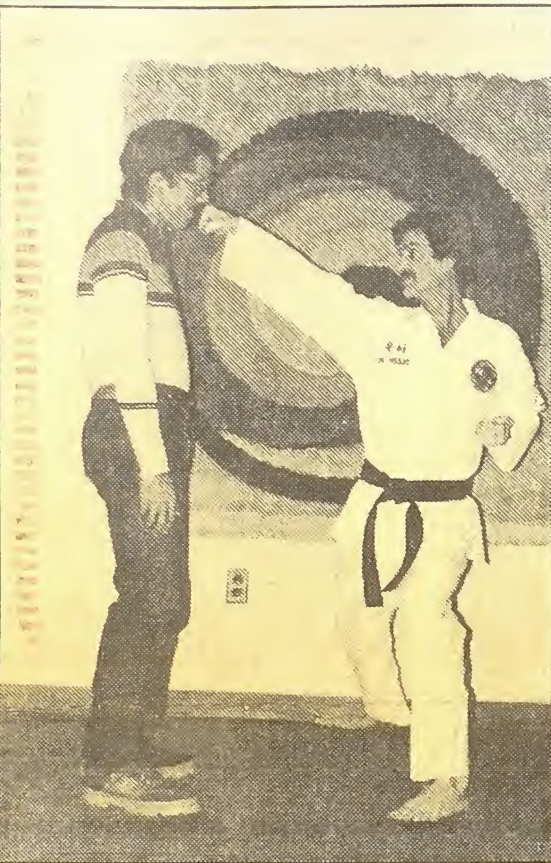

But, on to the new — and best — Replacements record, "Let It Be." Dare I call it a masterpiece? (Dare! dare!) Without getting sickening about it, it's a great album; great songs, inspired performances and personality.

My favorite cuts are the tremendous instrumental exercise, "Seen Your Video," which is three minutes of raw energy, followed by an equally upbeat number of an embarrassed boy called "Gary's Got A *****"

"Androgynous" is a nifty little semi-ballad that works, with Paul accompanying himself on piano, and of course there's the hilarious "Tommy Gets His Tonsils Out," where Paul sings "Strap him down/We're outta gas/Shut your mouth/Ya little brat!" leading to a speed-driven chorus of "Rip rip, we're gonna rip em out now, rip rip, ..." Chuckle chuckle.

The single, which is tame enough, as well as good enough to make radio charts is called "I Will Dare," and features a guitar solo from pal Peter Dinklage (of R.E.M. fame).

A good mixture of talent, a touch of hardcore and a touch of (gasp!) heavy metal, a good pop appeal and, best of all, they've shown that they aren't in it for the money. They're in it for you.

Class with a kick

Tae Kwon Do instructor Dave Moore exhibits some of the fine points of Korean karate as Craig Harris of Inkster looks on. Moore will help students condition their minds and bodies while learning the ultimate in self-defense at a Tae Kwon Do class held from 4 to 6 p.m. Wednesdays and Fridays at the Inkster Recrea-

tion Complex, 2025 Middlebelt, Inkster. For further information on the program, contact the Inkster Parks and Recreation Department by calling 728-7630 from 9 a.m. to 9 p.m. weekdays and 10 a.m. to 5 p.m. Saturdays.

'Skate to beat Diabetes' skate-a-thon planned

Two Western Wayne County skating rinks will be participating in the "Skate to beat Diabetes" annual skate-a-thon Jan. 26-27.

The fundraiser is being sponsored by the American Diabetes Association-Michigan Affiliate, and will be held from 1 to 4 p.m. Jan. 26 at

Skateland West, 37550 Cherry Hill Road, Westland, and from noon to 5 p.m. Jan. 27 at the Skatin' Station, 8611 Ronda, Canton Township.

All the money raised in the skate-a-thon will help support programs and services for children and adults in Michigan who have diabetes.

One such program is Camp Midicha, a special medically supervised summer camp for children with diabetes. The money will also help provide free state-wide testing programs to find unknown diabetics, research to find a cure, and education to help people with diabetes live healthier

and longer lives until a cure is found.

Persons of all ages are welcome to join the Skate to Beat Diabetes. Information is available at the roller rinks or by calling the American Diabetes Association at 552-0480.

All skaters who bring in \$10 or more in donations skate.

"Everyone's a Winner," is the theme for this year's event. Participants in the skate-a-thon are helping to fight diabetes, which makes them a winner and by the automatic prize system, everyone can win. Prizes include patches, tote bags, AM/FM stereo head-

sets, \$50 gift certificates from the roller rinks and 10-speed bikes.

Persons who would like to help at the rinks during the skate-a-thon can call the Association at 552-0480. The office is open Monday through Friday from 8 a.m. to 4 p.m.

Sno-Ball tourney is Jan. 26-27

The annual March of Dimes Sno-Ball Softball Tournament will take place the weekend of Jan. 26 and 27 at Livonia Bicentennial Diamonds, Seven Mile Road west of Farmington Road.

WLLZ-FM and McFrock's are co-sponsors of the event.

Men's, women's and coed teams will compete. They will pay a \$100 entry fee to the March of Dimes. That fee helps the March of Dimes fight birth defects via medical research, educational programs and community service projects.

A "fire-up" party will take place at McFrock's, Twelve Mile at Orchard Lake Road, at 7:30 p.m. on Jan. 22. At that party, the schedule for the weekend's games will be provided to team captains.

Trophies and T-shirts will go to the winning teams.

Those winning teams also will earn the right to compete in a national tournament.

For more information, call the March of Dimes at 423-3217.

This verbage very clearly says to me that the first three months of enrollment (for a \$20,000 Group Term Life Policy) is to be billed at \$2 a \$1 savings and the balance of my insured period will be billed on an annual basis at \$1 per month, which is \$12 per year.

As the enclosed photocopy of my December bill reflects, the insurance company has charged my account for \$74.28 on Aug. 21 and Nov. 21, 1984.

These charges are not authorized and smack of fraud, misrepresentation and are capricious and discriminatory.

I demand immedi-

ate removal of these charges from my account and I demand an immediate explanation from the insurance company.

If I do not hear from you, either in writing, or by telephone by Dec. 24, 1984, I shall seek legal counsel and avail myself of a remedy under the law.

Sincerely, CG

RESOLUTION: Needless to say, these charges were removed from the Master Charge bill. CG is still awaiting an explanation from the insurance company.

Must Reading for Many

Today, many ambitious, skilled and dedicated people read the help-wanted columns in classified because it's the traditional marketplace for jobs.

That's why your help-wanted ad in classified will be effective, even if you advertise for people with specialized or unusual skills.

And, if you're looking for work, your ad in classified will tell prospective employers about your capabilities... and your availability.
